Ballot Access - Party Suppression is Voter Suppression

Illinois is one of the hardest states for ballot access, which is why it is important for all of us to help give the voters options.

The GPUS Ballot Access Committee helps affiliated state parties become recognized as a minor party by legislative and legal action, in addition to petitioning support. Plans are to have a GP in every state.

- Yellow square: Ballot access legal action
- Pink square: Building GP in progress
- Grey square: Not yet on the Ballot in 2024

Run for Office

A truly shocking number of races in Illinois are uncontested. “Elected” officials all over the state gain and retain office purely by default, without ever having to campaign.

You can help change that.

By running for office, you help keep democracy vibrant and competitive.

Volunteer Opportunities
